

PROJECT FLOW

Date	19 November 2022
Team ID	PNT2022TMID15265
Project Name	Visualizing and Predicting Heart Diseases with an Interactive Dash Board

IBM CLOUD ACCOUNT

The screenshot displays the IBM Cloud Dashboard interface. At the top, a dark navigation bar includes the IBM Cloud logo, a search bar, and links for Catalog, Manage, and the user's account (KIRAN S's Account). The main content area is titled 'Dashboard' and features a 'For you' section with five recommended cards: 'Build' (purple), 'Build a web app with Watson Speech to Text' (light gray), 'Get Started with Watson Studio' (light gray), 'Build and deploy Node.js apps' (light gray), and 'Learn about Support Center' (light gray). Each card includes a brief description, a 'Getting started' or 'Recommended' button, and a time estimate. On the right, a user profile sidebar for 'KIRAN S' shows options for Profile, Log in to CLI and API, Privacy, Change theme, and Log out. Below the 'For you' section, there are four more cards: 'News' (blue), 'Recent support cases' (light gray), 'Planned maintenance' (light gray), and 'IBM Cloud status' (light gray). The 'News' card lists recent updates, while the 'IBM Cloud status' card shows a world map with a blue square indicating the user's location.
